

## Community Fund Project Questions

**Use these questions to guide your submission for the Community Fund project. When looking at the feasibility of projects, the answer to these questions will be taken into consideration by the City.**

What?

- Describe the project scope.
- What is a rough budget estimate for the project?

Who?

- Who will benefit from the project?
- Who will help with the project scope and completion?
- Who are the stakeholders (neighbors, businesses, places of worship, schools, etc.) involved with the project scope development and execution of the project?

Why?

- What is the project goal?
- Why is this project important?

How?

- How will this project benefit the community?
- How will this project be maintained?

When?

- What is the timeline for the project?
- When will it be completed?
